Dear Friends:

The Community Justice Center, a new Trenton-based legal services nonprofit, founded by two Rutgers School of Law-Newark graduates and a colleague with a legal and mental health background, provides civil legal services to some of our community's most vulnerable residents. The Community Justice Center is especially committed to assisting homeless persons and returning veterans who have disabilities that keep them from being employed, as well as representing them before the Social Security Administration and the Department of Veterans Affairs.

It is my pleasure to express my support for the work of the Community Justice Center, especially as it reaches out to those who have traditionally lacked access to legal services.

Sincerely,

A handwritten signature in cursive script that reads "Linda Greenstein".
